

ICA-C11 - Agency, Authority and Principal Liability

Indian Contract Act, 1872 - 57 provisions

Purpose Translate this chapter into transaction, evidence, performance and remedy controls.	Who is covered Parties, firms, partners, buyers, sellers, principals, agents or litigants affected by this chapter.
Main control Classify the relationship, map every statutory condition and preserve authority, execution and performance evidence.	Top risk Using a template or label without testing event-date law, consent, title, authority, limitation and State overlays.
Remedy Quantify breach and loss, mitigate, issue a valid notice and select the correct substantive relief and forum.	State alert Stamp duty, registration, court fee, civil procedure and State amendments must be checked for the instrument and forum.

Provision map

s.182 "Agent" and "principal" defined; s.183 Who may employ agent; s.184 Who may be an agent; s.185 Consideration not necessary; s.186 Agent's authority may be expressed or implied; s.187 Definitions of express and implied authority; s.188 Extent of agent's authority; plus 50 more

Five-point professional checklist

1. Freeze event date, parties and transaction.
2. Map statutory limbs and exceptions.
3. Verify authority, consent, stamp, registration and evidence.
4. Calculate price, loss, partner accounts or relief and limitation.
5. Select notice, remedy, forum and settlement path.

Finin2min takeaway: Law - trigger - procedure - evidence - remedy. No step may be assumed.
