

FININ2MIN SUMMARY - CHAPTER IN 2 MINUTES

Chapter XIII - Offences and penalties

This chapter turns offences and penalties into an operational control file. It covers Power of officers of appropriate Government to impose penalty in certain cases, Penalties, Cognizance of offences, Offences by companies; the practical sequence is to classify coverage and event date, apply the provision and mapped Rule, complete the form/register, calculate the entitlement or exposure, and retain evidence for inspection, claim or appeal.

Who is covered

Employers, workers, trade unions, negotiating bodies, standing-order establishments and dispute-resolution authorities should classify the industrial establishment and worker population first.

Main obligations / rights

- Section 85: Power of officers of appropriate Government to impose penalty in certain cases
- Section 86: Penalties
- Section 87: Cognizance of offences
- Section 88: Offences by companies
- Section 89: Composition of offences

Key thresholds / timelines

- Use only the threshold, rate and limitation period effective on the event date; verify the Central/State instrument before acting.

Forms / evidence

- Applicable form/register, calculation file, approval and acknowledgement evidence
- Classification, calculation, approval, acknowledgement and payment/filing proof

Employer risk snapshot

Highest practical risks: failure to separate monetary liability, prosecution, compounding and officer-in-default exposure.

Employee / worker remedy

access to the competent authority/court and protection against unsupported recovery or prosecution. Confirm authority, limitation and appeal route.

Old law / transition

Map the event date and savings position against: Trade Unions Act, 1926; Industrial Employment (Standing Orders) Act, 1946; Industrial Disputes Act, 1947.

Five-point professional checklist

- Freeze the event date, establishment, location and person/worker classification.
- Identify the controlling section/paragraph, mapped Rule, notification and appropriate Government.
- Reperform the calculation or decision test and document every exception or approval.
- Complete the prescribed form/register/portal step and retain acknowledgement, payment and communication evidence.
- Record the remedy, forum, limitation, appeal path and State variation before sign-off.

Finin2min takeaway: for offences and penalties, the defensible answer is not a policy label - it is the event-date law, the mapped procedure, the calculation and a complete evidence trail.
