

# LLP Act Professional Corpus — Publication Index

## Chapter in 2 minutes

- Complete navigation across the chapter, Schedule, rule, instrument, forms and implementation layers in this batch.
- Treat the master as a controlled legal register with source and review dates.
- Separate central law, State law, portal practice and contractual allocation.
- Assign owners, escalation and evidence retention.
- Revalidate against Gazette/MCA/India Code before live deployment.

## Mandatory execution gates

- Current Act + amended Rule/form
- Agreement and authority
- State stamp/registration
- Tax/GST/FEMA/IBC overlay
- Evidence + filing acknowledgement
- Forum/limitation on default

## Provision / control map

| Provision   | Subject                                                       | Control                                         |
|-------------|---------------------------------------------------------------|-------------------------------------------------|
| Trigger     | Transaction, event, default or periodic due date              | Create owner and legal gate                     |
| Authority   | Partner/designated partner/Registrar/Tribunal/other authority | Record approval/signature                       |
| Instrument  | Agreement/form/notice/order/payment evidence                  | Execute, stamp, register and file as applicable |
| Performance | Milestones/delivery/payment/filing                            | Maker-checker and escalation                    |
| Dispute     | Breach/remedy/forum/limitation                                | Issue notice and forum memo                     |

## Evidence file

Stamped agreement; consents/KYC; approvals; forms/attachments; SRN/challan; books/bank/tax; contracts and delivery; notices/orders; source/version log.

## Default response

Stop continuing loss; legal hold; verify authority and facts; issue notice; correct public records; calculate exposure; preserve mitigation; select statutory/ADR forum.
