Continuous Clearing and Settlement on Realisation in CTS

Chapter in 2 minutes

- Transition control for faster presentment/return information and same-day operational evidence.
- Treat RBI operational directions as banking controls that interact with, but do not amend, the Act.
- Preserve official source/version and bank implementation evidence.
- Update workflows when clearing cycles or system requirements change.
- Escalate exceptions before payment, return or litigation deadlines are missed.

Execution gates

- Legally enforceable transaction
- Instrument classification and stamp
- Authority/mandate and custody
- Presentation, return and notice clocks
- Evidence, forum and entity liability
- Settlement, accounting and retention
